

Stud size, 1/4", 28 thread per inch  
Use ring terminals

### Applications:

Typically used in auxilliary and accessory circuits—trucks, buses, RV's and marine applications. Others might include battery chargers and DC audio systems.

### Specifications:

Manual Reset Design Waterproof.

Ratings	50A to 150A ; 32 VDC
Interrupt Rating	3000 A @ 30 VDC
Operating Temperature	-32°C to 92°C
Storage Temperature	-34°C to 149°C
Testing	SAE J1625, SAE J1171(Ignition Protected)
Housing	Thermoset plastic, UL rated 94V0,
Mounting	Surface
Product meets RoHS.
